TITANS of TEAL

Lance W Toohey
Michelle Toohey
Bryan Retter
AUSTRALIA

We'll find a way!

Lance W Toohey (lyricist) and **Bryan Retter** (music writer) have been collaborating over the last eight months completing their first demo CD. Now, they are busily preparing their next album, already 7 songs/tracks ready to go!
"We are not performing artists, we are solely music writers". - Lance & Brian

Concentrating mainly on country/blues/ballads/gospel, they have the capabilities to write almost any genre of song, and are seeking either producers/publishers/recording artists who may be interested in listening to their works. Anyone interested in a CD just email Lance lancewtoohey@gmail.com

At the moment Lance and Bryan are now putting all their efforts into producing a "Campaign Song" for **FEEL TEAL**. The song entitled ***"We'll Find A Way"*** expresses the need for everyone to make sure ***all*** the women in our lives are aware of and band together to defeat Ovarian Cancer.

"Awareness in FEEL TEAL is sorely lacking here in Oz, so we are hoping this song, presented by the right artists will kick start this campaign and give it the "urgency" Ovarian Cancer Awareness truly deserves". - Lance Toohey

Lance with his wife Michelle, will also be taking this song to the world via their sailing/music/poetry /art venture, **ION'S ODYSSEY** later down the track.
Failing to find sponsorship or any interest in our venture 2 years ago, certain changes have happened and ION'S ODYSSEY is again being set in motion. ION'S ODYSSEY will be carrying the FEEL TEAL message to the world, whilst at the same time documenting the passions of both Lance and Michelle...that being, music/poetry/art.....all under the flag of FEEL TEAL.
